PROFESSIONAL EXPERIENCE

Co-Founder & Lead UX Designer | TAQNIKLABS
June 2026 – Present

- Collaborating with clients to understand business goals, gather requirements, and deliver user-centered digital solutions.
- Driving stakeholder collaboration, UX strategy mapping, requirements gathering, and client discovery processes.

Freelance Graphic & UX Designer
2023 – Present

INDEPENDENT PRACTICE

- Designing user-centered digital products, brand identity books, interfaces, and visual assets for local and international clients.
- Delivering responsive web layouts in Figma, following WCAG contrast ratios and robust modular layouts.
- Continuously researching emerging interactive systems, spatial AR filters, and advanced design tokens.

UI/UX Designer Intern
Dec 2025

CODEALPHA

- Collaborated on designing complex information boards, dashboard data layouts, and detailed user journey wireframes.
- Prototyped multi-screen workflows in Figma, increasing user task success through clean visual hierarchy.
- Conducted usability checks and integrated stakeholder feedback under quick iteration cycles.

UX Designer & Social Media Intern
Mar 2025 – Sept 2025

AQUARGIN PVT. LTD.

- Crafted clean mobile and desktop user interfaces, greatly improving digital brand equity and aesthetic alignment.
- Created high-sentiment corporate visual guidelines, unifying typography and spacing rules for public-facing assets.
- Integrated with front-end teams to support asset handoffs and verify faithful HTML/CSS translation of designs.

NOTABLE PROJECTS

Food Waste Management System (UX Case Study)

Designed an interactive logistics platform connecting food donors with nonprofit organizations, streamlining excess pickup submissions from 9 steps down to a frictionless 3-step action.

Interactive Snapchat Lenses (AR Experience)

Engineered custom augmented reality lenses inside Snapchat Lens Studio using coordinate mapping, shader textures, and lightweight scripting to produce highly engaging spatial games.
